GENERAL TERMS AND CONDITIONS

YOUR CONTACTS AT TEDO VERLAG
1 Title:
IT&Production

2 Brief Description:
As the leading brand on the German-speaking market, IT&Production reports exclusively and comprehensively on all aspects of industrial IT - and has been doing so for 19 years. Decision-makers, plant and operations managers as well as IT managers from all industries will find information on our channels for process optimization, investment decisions and innovative technology. Our content is in greater demand than ever, because in the Industrie 4.0 age, sustainable success in global competition is hardly possible without the right software and hardware and coordinated processes. As a media companion for industrial digital transformation, we work closely with key stakeholders to provide our readers with useful information for their business practices. The spectrum of our topics ranges from the management level through research and development to sales, automation and production.

3 Target Group:
Plant and operations manager, company manager, IT managers construction

4 Frequency:
10x annually plus 3 special supplements:
MES Wissen Kompakt, IoT Wissen Kompakt, ERP/CRM Wissen Kompakt

5 Size:
DIN A4

6 Volume:
20th volume 2019

7 Bezugspreis:
All prices including the legal VAT.

Advertorials (Company and Product Portraits)

1 Brief Description: In addition to product-neutral reporting in the editorial part of IT&Production, we inform our readers through ‘Advertorials’ about suppliers and products. Advertorials offer the reader the opportunity to obtain detailed information about individual IT, infrastructure and software solutions and to contact the provider directly. The placement of an ‘Advertorial’ is done in a thematically related section.

• Issue integrated layout with logo, company image and content-related customisable portrait components (address, profile, products)
• 1/1 page approx. 3,000 characters

2 Prices*:  
1/1 page, 4c € 3,600,-  
1/2 page, 4c € 2,100,-  

The design of your Advertorial is included in the price.

3 Online Upgrade: You can upgrade your ‘Advertorial’ in the trade journal IT&Production, your advertorial will appear as a digital product portrait with a duration of four months in the industrial online magazine www.it-production.com  
Upgrade price*: € 400, -

4 Data Delivery:  
Please send us the following data via e-mail to mzimmer@it-production.com

• Text – Word and other text files such as RTF files:  
1/1 Page approx. 3,000 characters, 1/2 Page approx. 1,500 characters

• Contact data – Everything necessary:  
Phone, fax, web address, e-mail

• Logo – Send us your digitalized logo (300dpi)

• Product image – We require your image with a minimum resolution of 300dpi

* Please notice the different prices for image ‘Advertorials’ (see also p. 17)  
All prices plus statutory VAT.
Image Advertorials

1 Brief Description: ‘Image-Advertorials’ are placed section-independently in the journal front part and offer the opportunity to present the performance of IT-companies to our readers. Because of the individual layout, ‘Image-Advertorials’ stand out clearly from other advertising forms and offer an alternative to simple image ads.

- Individual layout with logo, company image and content-related customisable portrait components (address, profile, products etc.)
- 1/1 page approx. 3,000 characters

2 Prices*:  
1/1 page, 4c € 4,100,-  
1/2 page, 4c € 2,300,-

The design of your Advertorial is included in the price.

3 Online-Upgrade: You can upgrade your ‘Image-Advertorial’ in the trade journal IT&Production into a ‘Digitorial’ (digital product portrait) for our industrial online journal www.it-production.com with a period of four months. Upgrade-Price*: € 400,-

4 Data Delivery:

Please send us the following data via e-mail to mzimmer@it-production.com

- Text – Word and other text files such as RTF files.  
  1/1 Page approx. 3,000 characters, 1/2 Page approx. 1,500 characters

- Contact data – Everything necessary:  
  Phone, fax, web adress, e-mail

- Logo – Send us your digitalized logo (300dpi)
- Product image – We require your image with a minimum resolution of 300dpi

* All prices plus statutory VAT.
Trade Journal
Industry Specials

Industry Special Machinery and Plant Construction
Highest flexibility and quality distinguish the German machine and plant construction industry. All made possible by the consistent transparency of digital data in all areas of the company. The display of all processes in the value-added chain in software modules forms the basis for the success of the capital goods industry.

Publishing Date: 08.02.2019 + 18.07.2019

Industry Special Automotive
The pace of structural change is clearly gaining momentum. Today’s talk of innovative technologies in automobile production means that production IT and automation technology can no longer be considered separate from each other. Manufacturing technology, which is already established in this industry, is often used successfully in other industries shortly afterwards.

Publishing Date: 08.04.2019 + 06.09.2019

Industry Special Filling and Packaging
In the industry special filling and packaging, we report on software systems and process automation to shorten planning and production processes, ensure compliance and traceability, and support coordination across supply chains.

Publishing Date: 07.10.2019

Special Issue: SAP-Partner
In search of new solutions and the latest innovations and in comparison to the competition, more and more companies are networking with external experts and partners. With the SAP ecosystem, SAP has built a network that provides a platform for building partnerships, access to resources, and a framework for dialogues and collaborations. In the May issue of IT&Production, our readers receive an up-to-date overview of the SAP ecosystem in the manufacturing industry.

Deadline: Editorial deadline: 27.03.2019 • Advertising deadline: 18.04.2019 • Publication: 10.05.2019

Special Issue: Microsoft-Partner
Medium-sized companies invest in Microsoft technologies even in difficult times because they are convinced that their staff productivity increases and their cost structure improves. Microsoft has built a network with the Microsoft Partner Network that offers business opportunities for building partnerships, access to resources, and a framework for dialogue and collaboration. For our readers, the July/August issue of IT&Production’s Microsoft Partner Survey provides IT&Production with tips for finding a suitable industry or special solution in the manufacturing sector.

Deadline: Editorial deadline: 31.05.2019 • Advertising deadline: 27.06.2019 • Publication: 18.07.2019

Special Issue: PTC-Partner
With the expansion of PTC’s business model and acquisitions such as thingwror, Kepware and Vuforia, completely new and complementary partner networks have emerged recently. Digitalisation is also noticeably changing roles and goals in partner networks. The American software manufacturer has therefore realigned its partner network in order to get the best out of the PTC portfolio for manufacturing companies from Creo to ThingWorx.

Deadline: Editorial deadline: 21.02.2019 • Advertising deadline: 18.03.2019 • Publication: 08.04.2019

1 Delivery:
• As insert in the IT&Production
• as e-paper on www.it-production.com (period of 12 months)

3 Data Delivery:
• Text – Word and other text files such as RTF files. 1/1 Page approx. 3.000 characters, 1/2 Page approx. 1.500 characters
• Contact data – Everything necessary: Phone, fax, web adress, e-mail
• Logo – Send us your digitalized logo (300dpi)
• Product image – We require your image with a minimum resolution of 300dpi

Please send us the following data via e-mail to mzimmer@it-production.com
Dossier: Additive Manufacturing
Topics in detail:
- Reverse Engineering: Old components quickly reprinted
- Generative series production: 3D printing on the line
- Providers and Outsourcing: External knowledge deeply integrated
- Rapid Prototyping: Potential far from being exhausted
- Hybrid Technology: Material application and removal in the same machine
- Customised mass production: Altitude flight through 3D printing?
- Printer, Powder and Software: Current technology and methods

Deadlines: Advertising deadline: 08.03.2019 • Launch Date: 15.03.2019
Period: 12 months • Format: e-paper (PDF for download)
1 Sizes: DIN A4 210mm x 297mm (width x height)
Printspace: 185mm x 270mm (width x height)

2 Printing Process: Offset: Printing is done with colours of the Euro colour scale for offset printing according to DIN16 539, back stitching

3 Delivery:
Post address: TeDo Verlag GmbH, Ad scheduling,
P.O Box 2140, 35009 Marburg
Delivery service: TeDo Verlag GmbH, Ad scheduling,
Zu den Sandbeeten 2, 35043 Marburg

4 Advertisement Details: High-Res-PDF, EPS (fonts are either converted to paths or embedded) TIF (resolution: 300dpi)

5 Data Carrier: CD-ROM

6 Colours: In four-colour printing, the colours are printed according to the Euro scale: cyan, magenta, yellow, black (CMYK). This color space must be selected in the respective program.
Attention: We can’t use RGB or solid colours!

7 Proof: A 1:1 printout is absolutely necessary to check a delivered display. For the printing of coloured advertisements, please supply a corresponding and binding colour proof or print. Without these documents, no liability or warranty can be assumed for any errors. The publisher cannot accept any guarantee for colour deviations caused by different types of paper (proof/printing to production paper). This also applies to deviations within the tolerance range from expression to industrial colour printing or offset printing.

8 Image Formats: TIF, JPEG, EPS (with embedded font)

10 Return: Delivered printing documents will only be returned to the respective client on special request. The obligation of the publisher to retain the advertisement ends three months after publication of the advertisement.

11 Warranty: Only what is present on the data carrier can be exposed. The publisher accepts no liability for deviations in texts, illustrations and especially colours. Incorrect exposures due to incomplete or faulty files, incorrect settings or incomplete information will be charged according to effort. Sent film positives must be redigitalized. The resulting additional costs will be invoiced separately.

12 Contact: Monika Zimmer, Marketing Assistant
Phone: +49 6421 3086-531
E-Mail: mzimmer@it-production.com
Attention: Please add 3mm on each side for trim on all formats above!
Beschnittzugabe von 3mm ringsum!
Bound Inserts: Before accepting and confirming the order, a binding sample, if necessary a blank sample with details of size and weight, must be submitted. Inserts must be delivered with the bleed margins specified below. Multi-page inserts and inserts with flap must be delivered folded. The front side of the insert must be marked.

Minimal Size: 147mm x 210mm
Maximum Size: 210mm x 297mm
Minimal Weight: for products with 4 pages 115g/m²
1 Loose Inserts: Before the order is accepted and confirmed, we require a copy of a bindingsample with an indicator of size and weight. The delivered inserts must be trimmed and folded as final products.

- **Minimal Size:** 100mm x 210mm
- **Maximum Size:** 205mm x 290mm
- **Minimal Weight:** 115g/m²
- **Maximum Weight:** upon request
- **Positioning:** undefined

2 Fixed Inserts:

Mechanical Bonding: Adhesive edge parallel to the waistband, at least 1 cm to maximum distance of 6 cm from the waistband. Folded products must be closed towards the waistband. Positioning upon request.

Affixed postcards, samples on bound-in inserts or full-paged advertisements are additionally charged as fixed inserts. Before the order is accepted and confirmed, we require a copy of a binding sample with an indicator of size and weight.

- **Minimal Format:** 105mm x 147mm
- **Maximal Format:** 148mm x 190mm
- **Minimal Weight:** 160g/m²

Delivery: The delivery of inserts and glued inserts must be accompanied by a delivery note. A sample of the pallet contents must be attached to the outside of the container to ensure smooth production. Please always send a sample to the publisher in parallel.

- **Delivery Quantity:** 18,200 copies
- **Delivery Address:** Die Lieferanschrift für Beilagen, Einhefter und Beikleber wird mit der Auftragsbestätigung mitgeteilt.
- **Delivery Deadline:** The printing deadline is the same as the material deadline of the issue (see schedule and editorial calendar beginning on page 4).

The IT&Production online magazine (www.it-production.com) is one of the most important sources of information for decision makers of IT investments in the industry and the perfect complement to the trade journal IT&Production. As a central research platform for producers and industrial managers, IT&Production Online offers the latest market information in a compact and clear format. Numerous user reports, industry news, market overviews, events, interviews and technical articles form an extensive knowledge archive for strategic investments in industrial IT solutions.

The hit rates are also impressive: based on the evaluations of the first half of 2018 IT&Production Online had over 95,202 visits. Use the IT&Production online magazine for a holistic target group approach to your company and benefit from our many years of experience in contact with decision-makers in the industry.

Have fun with the media planning!

Christoph Kirschenmann

Placement of your contribution in a Sponsored Post-Box (promotional marked contribution), format 620x160 pixel, in rotation. The Sponsored Post Box contains a picture, a headline and an abstract (max. 300 characters of text). The ‘Read more’ button leads the reader to your contribution (max. 4,000 characters + images). The graphic design of the Sponsored Post Box and the technical contribution is carried out by our graphics department.

The Sponsored Post-Box appears in the IT&Production online magazine in a category of your choice (available are the categories Production-related IT, Product Development, Hardware and Infrastructure, Industrie 4.0, Production Management and Automation as well as Robotics).

Within this category the Sponsored Post appears in rotation:
- on the home page (www.it-production.com)
- to position 3 of the selected heading.
- in all technical contributions of the selected category.

Within the category professional articles on position 3 (www.it-production.com/fachartikel/)
- in the IT&Production e-mail newsletter in an issue of your choice.

One month

EUR 2,900.00, plus VAT.

The Sponsored Post format includes:
- Heading (max. 30 characters)
- Teaser text (max. 300 characters)
- Main body (approx. 4,000 characters)
  - Teaser Image (JPEG or PNG in RGB colour space at 72 dpi)
- Images for main body (JPEG or PNG in RGB colour space at 72 dpi)
- Ziel-URL für externe Verlinkung (JPEG or PNG in RGB colour space at 72 dpi)
- Company logo

Please send us your data via e-mail to: online@it-production.com
1 Brief Description: With a premium account on www.it-production.com you can intensify your target group approach and highlight the services of your company. Below you will find an overview of the benefits of a premium account.

2 Account Services Overview:

- Digital product portrait
  (text approx. 5.000 characters + images + company logo)
  in the ‘Suppliers and Products’ section and in technical articles.

- Events section (max. 10 entries)
  incl. company and/or event logo

- Publication of your whitepapers (max. 3 entries)

- Video section
  Inclusion of a company video in the corresponding topic section

- Job market section (max. 5 entries)
  incl. individual format and company logo

Industrial Security News

1 Title: Industrial Security News

2 Brief Description: Current digitalization trends in the industry call for tailor-made and reliable IT security measures. This point of view has reached all company levels since Industrie 4.0 and Co. at the latest. At the same time, the number of solutions available on the market, from firewalls to embedded systems, is growing rapidly. This does not make it easy for users to find the right solution and system providers also find it more difficult to be perceived with their messages.

With the new Security Newsletter, the trade media of the TeDo Verlag are dedicating themselves to this sensitive subject area together, for the first time. The editorial offices of IT&Production, SPS-MAGAZIN and INDUSTRIE 4.0-MAGAZIN provide objective and balanced information about new approaches, attack vectors and solutions 12 times a year in order to cost-effectively and effectively establish a suitable level of IT security.

3 Topics of the newsletter:
   > New Safety Concepts
   > Legal regulations
   > News
   > Deadlines
   > Products and Solutions

Demonstrate your relevance to all security topics and use the Industrial Security News as an effective advertising platform.

4 Frequency of Publication: Monthly / 12 issues 2019

5 Format: Electronical (HTML)

1 Title: INDUSTRIE 4.0-MAGAZIN (I40M)

2 Brief Description: The fourth industrial revolution is in full swing and almost all people are taking part in this transformation process. Time for a magazine that takes a holistic view of the topic. A purely technical explanation of the fourth industrial revolution is not enough, therefore we report to the same extent about technology / world of work / society. In INDUSTRIE 4.0-MAGAZIN, the areas of education and technology transfer also play a special role. Our claim: All important information from all involved areas at a glance.

Since September 2016 we have been keeping you up to date on the latest developments of the fourth industrial revolution every 14 days. We provide information on current reports from companies, associations, politicians, employers and trade unions as well as specialist contributions on the topics of technology and standardization in varying technical depths. We have set ourselves the goal of using the new magazine to give a clear overview of all areas of Industrie 4.0 and to provide comprehensive information.

The digital transformation is in full swing and affects all areas of society. The right magazine for it: INDUSTRIE 4.0-MAGAZIN.

3 Frequency of Publication: Every 14 days

4 Format: Electronical (PDF), in DIN A4

5 Size: Approx. 16 up to 32 Seiten

6 Content: Technology, world of work, politics, society, universities and education in connection to digital transformation processes and Industrie 4.0

7 Publisher: TeDo Verlag GmbH
Postal address • P.O Box 2140 • 35009 Marburg
Delivery address • Zu den Sandbeeten 2 • 35043 Marburg

www.i40-magazin.de
1 Name: i-need.de – Information und Marketing Portal

2 Brief Description: i-need.de bundles all important information about your products, company and editorial publications. It provides the user with comprehensive information in text, image and video form. The i-need.de marketing portal combines all product catalogues of the TeDo trade media for the following areas: automation technology, production technology, machine vision, robotics, switch cabinet construction, building engineering and Industrie 4.0.

i-need.de is unique because it summarises product information by industry sectors. The search results provide the user with a comprehensive overview of the relevant products from the respective segment. Users appreciate the high quality of search results, which are an important part of strategic information retrieval. With the three packages Basic, PRO and PREMIUM i-need.de offers you interesting communication channels on a highly frequented information platform for industrial products and services.

3 Target Group: Selection of the most important target groups, such as: design engineers, managers and production managers, manufacturing industry, technical purchasers and users from mechanical and plant engineering, integrators, architects, electrical engineering industry, engineering offices, machine vision, switch cabinet manufacturers, enclosure manufacturers, building trades, electrical fitters, specialist planners.

4 Usage data: 01. July 2017 – 30. June 2018
Visitors: 115,689, page views: 283,847

5 Publisher: TeDo Verlag GmbH, Zu den Sandbeeten 2, 35043 Marburg
The individual packages can be booked as an annual subscription. The subscription is valid for one year and will be automatically renewed for a further year, unless it is cancelled three months before the end of the subscription. Posted and unused benefits expire at the end of each month and cannot be added up. Invoices are issued annually. With monthly payments, the monthly subscription price for PRO and PREMIUM increases by 7%.

akte = Kumulierte Kontakte pro Jahr
Paragraph 1: “Advertising order” in the sense of the following General Terms and Conditions means the contract for the publication of one or more advertisements by an advertiser in publications of the publishing company or the contract for the addition of supplements or inserts to such publications for the purpose of distribution.

Paragraph 2: In case of doubt, advertisements are to be called up for publication within one year after conclusion of the contract. If the right to call up single advertisements is granted within the framework of a contract, the order must be processed within one year of publication of the first advertisement, provided that the first advertisement is called up and published within the period specified in sentence 1.

Paragraph 3: In the case of contracts, the client is entitled to call up further advertisements beyond the quantity of advertisements specified in the order within the agreed period or the period specified in item 2.

Paragraph 4: If an order is not fulfilled for reasons for which the publisher is not responsible, the customer must refund to the publisher the difference between the discount granted and the discount corresponding to the actual purchase, without prejudice to any further legal obligations. The refund does not apply if the non-fulfilment is due to force majeure in the risk area of the publisher.

Paragraph 5: Orders for advertisements, bound inserts and external inserts which are declared to be published exclusively in certain numbers, certain editions or at certain positions in the publication must be received by the publisher in sufficient time for the customer to be informed before the advertising deadline if the order cannot be executed in this way.

Paragraph 6: Advertisements will only be accepted at certain positions if these special placements have been confirmed by the publisher in written form.

Paragraph 7: Cancellation of booked advertisements must always be made in written form, fax or e-mail is sufficient. Cancellation of advertisements already booked is possible free of charge up to 14 days before the advertising deadline, according to media data. Cancellation 13 to 7 days before the advertising deadline will be charged with a cancellation fee of 50% of the gross advertising price. For cancellations received later than 7 days before the advertising deadline, the publisher can charge the full gross advertising price.

There is no right of withdrawal for print and online advertisements with special placements (including cover pages, special formats and product overviews) as well as for title and interior title pages. Cancellations of online advertisements must be made in written form eight weeks before the start of publication. Cancellation less than eight weeks before the start of the placement is not possible. The advertisement will thus be charged in full at the agreed advertising price.

Paragraph 8: The publisher reserves the right to reject advertising orders - including single call-offs within the scope of a contract - and supplement orders due to their content, origin or technical form according to uniform, factually justified principles of the publisher if their content violates laws or official regulations or their publication by the publisher is unreasonable. This also applies to orders placed with branch offices, acceptance offices or representatives. Orders for inserts are only binding for the publisher after presentation of a sample of the insert and its approval. Inserts which, due to their format or presentation, give the impression of being part of the magazine or contain third-party advertisements will not be accepted.

Paragraph 9: The client is responsible for the timely delivery of the advertisement text and flawless printing documents or inserts. The publisher will immediately request a replacement for noticeably unsuitable or damaged printing documents. The publisher guarantees the usual printing quality for the title used within the scope of the possibilities provided by the printing documents. Damages incurred for the publisher due to the late submission of printing documents are to be paid by the customer.

Paragraph 10: In case of illegible, incorrect or incomplete printing of the advertisement, in whole or in part, the customer is entitled to a reduction in payment or a faultless replacement, but only to the extent that the purpose of the advertisement has been impaired. If the publisher fails to meet a reasonable deadline for this purpose or if the replacement advertisement is again not faultless, the customer is entitled to a reduction in payment. Claims for damages arising from positive breach of claim, faults upon conclusion of the contract and unauthorised actions are - even when placing an order by telephone - excluded; claims for damages arising from impossibility of performance and delay are limited to compensation for the foreseeable damage and the remuneration paid for the relevant advertisement or supplement. This does not apply to intent and gross negligence of the publisher, his legal representative and his vicarious agent. The Publisher's liability for damages due to the absence of warranted characteristics remains unaffected. The publisher is only liable for faults of any kind resulting from telephone transmission in the event of intent or gross negligence. In commercial business transactions, the publisher shall also not be liable for gross negligence on the part of vicarious agents; in other cases, liability towards merchants for gross negligence is limited to the foreseeable damage up to the amount of the relevant advertising fee. Complaints must be made within four weeks of receipt of the invoice, except in the case of non-obvious defects.

Paragraph 11: If advertising motifs are transmitted digitally by the customer, the liability of the publisher for completely or partially illegible, incorrect or incomplete reproduction of the corresponding advertisements is excluded.

Paragraph 12: For material provided by the customer (bound inserts, supplements, etc.), the publisher assumes no guarantee for the correctness of the quantities or qualities designated as delivered.

Paragraph 13: TeDo Verlag assumes that the image and copyright of data received by TeDo Verlag from third parties is held by the sender or his employer, unless otherwise indicated. TeDo Verlag assumes no liability if a warning notice is issued in such a case.

Paragraph 14: Proofs will only be supplied upon explicit request. The customer is responsible for the correctness of the returned proofs. The publisher will consider all error corrections that are reported to him within the deadline set in the proof.

Paragraph 15: If no special size regulations are given, the calculation is based on the usual print height for this type of advertisement.

Paragraph 16: If the client does not pay in advance, the invoice will be sent immediately, if possible 14 days after publication of the advertisement. The invoice is to be paid within the period indicated in the price list, running from receipt of the invoice, unless a different payment period or advance payment has been agreed in individual cases. Any discounts for early payment are granted according to the price list.

Paragraph 17: In the event of default or deferment of payment, interest and collection costs will be charged. In the event of default in payment, the publisher may defer further execution of the current order until payment has been made and demand advance payment for the remaining advertisements. If there are justified doubts about the solvency of the customer, the publisher is entitled to make the publication of further advertisements dependent on the advance payment of the amount and on the settlement of outstanding invoice amounts, irrespective of any originally agreed payment terms. This also applies during the term of an advertisement contract.

Paragraph 18: Upon request, the publisher supply a copy of the advertisement with the invoice. Depending on the type and scope of the advertisement order, excerpts of advertisements, document pages or complete document numbers are delivered. If a document can no longer be provided, it is replaced by a legally binding certificate from the publisher confirming the publication and distribution of the advertisement.

Paragraph 19: Costs for the production of ordered artwork as well as for substantial changes to originally agreed designs requested or for which the customer is responsible are charged to the customer.

Paragraph 20: In the case of numerical advertisements, the publisher exercises the care of a prudent businessman for the safekeeping and timely forwarding of the offers. Registered letters and express letters on numerical displays are only forwarded by normal mail. Receipts on numerical displays are kept for four weeks. Submissions that are not collected within this period will be destroyed. The publisher will return valuable documents without being obliged to do so. In the interest and for the protection of the customer, the publisher reserves the right to open the incoming offers to prevent misuse of the number service for verification purposes. The publisher is not obliged to pass on business promotions and brokerage offers.

Paragraph 21: CDs will only be returned to the client on special request. The storage obligation ends three months after expiry of the order.

Paragraph 22: Advertising agents and advertising agencies are obliged to stick to the publisher's price list in their offers, contracts and invoices with the advertisers. The agency fee granted by the publisher may not be passed on to the customer in whole or in part.

Paragraph 23: Advertising agents and advertising agencies are obliged to stick to the publisher's price list in their offers, contracts and invoices with the advertisers. The agency fee granted by the publisher may not be passed on to the customer in whole or in part.

Paragraph 24: In the event of partial or total invalidity of any provision, the validity of the remaining provisions will remain unaffected.
